METRONET will build up to 18 more train stations?
This will make getting to all your favourite places easier.

There will be approximately 72kms of additional passenger rail built?
That’s the equivalent of 460 Optus Stadium footy ovals.

The new 246 railcars are expected to travel around 220,000km a year?
That’s like going around the moon 20 times.
