Our biggest question to date

Where exactly is the rail line, and stations, to Ellenbrook going to be?
Proposed Morley-Ellenbrook Line

Project objectives

• Integrated and effective public transport

• Change travel behaviours and decrease private vehicle use

• Improve housing diversity

• Support growth of vibrant urban centres
Proposed Morley-Ellenbrook Line stations

- Ellenbrook
- Whiteman
- Bennett Springs
- Malaga
- Noranda
- Morley
- Bayswater Station upgrade
Ellenbrook Station

• Heart of future town centre
• Measures taken to secure the location
• Design for station and area around will begin soon
• Stopped bus rapid transit, land being prepared for MEL as part of New Lord Street project
• Purchased telecommunications tower land in town centre
Bayswater Station

• Due to Forrestfield-Airport Link and the proposed Morley-Ellenbrook Line connecting at Bayswater, this station will become a major transport hub.

• The upgrade plan is going out for consultation.

• Community engagement to start very soon to identify local priorities.
Where survey respondents travel for work
Where survey respondents travel for study
Some concerns

It won’t really impact / benefit me
Will increase crime in my area
Noise will be disruptive

How the project benefits everyone

Better connections.
Reduced road traffic.
Community development opportunities.

What we will do

Safety and security through good design.
Our network infrastructure and transit officers.
Modelling will tell us what measures need to be put in place to minimise train noise as much as possible.
Station features (most to least important)

Safety, parking and accessibility are key considerations in the design of a train station.
Planning beyond the station
What you love about your community

Green spaces, a sense of community and a quiet lifestyle

Connections and closeness to key locations and amenities are also important.
What you’d like to see in your community

• Restaurants, cafes and bars
• Parks and recreational areas
• Retail
• Educational centres
• Medical and health providers
Where to from here

- Awarding key planning and engineering contracts
- Business case development
- Project Definition Plan development
- Environmental and state approvals
- Keeping the community informed and engaged
